©PETER MONTICUP and MAGIC TRICKS, INC. 2020

Start by dividing your deck into the four suits.

Put the cards in order in each suit, Ace through King.

Now it is easy to use this guide and find each card you need, in order.

**THE EXACT CARD-BY-CARD CHART IS ON THE NEXT PAGE.**

You will build your setup deck by laying each card face up on top of the one before it.

For example, lay the 10 of Spades face up on the table.

Next, lay the 3 of Hearts face up on top of the 10 of Spades.

Continue through the list until you have a pile with the Queen of Clubs on top.

You will have 10 cards left.

It does not matter what order those 10 cards are in.

Place those cards in a pile face up on the table.

Place the 42-card pile face up on TOP of the random 10-card pile.

You should now have a pile of 52 cards, face up, with the Queen of Clubs on top.

Remember that the chart starts with the 11<sup>th</sup> card?

The random cards that you just handled are actually cards 1 through 10.

But since your spectator will NEVER select any of those cards, it does not matter what they are.

So you just have to be sure to start placing the cards in a specific order, starting with card 11.

Just follow the chart!!

You are now ready to perform the effect!
